Email: press@enableit.com**FOR IMMEDIATE RELEASE:****ENABLE-IT EXPANDS ITS GSA OPTIONS WITH TURNSTILES.US**

LAS VEGAS, NV, April, 2015 --- By Lulu Moore Customer Care Team Engineer at Enable-IT: Ethernet Extension Experts.

Turnstiles.us - Securing America and the World selects products powered by Enable-IT to enhance their orderings and adds Enable-IT products to their list of GSA offerings.

Offering Quality Turnstile installation and the best selection of high tech security systems are just two of the reasons that make TURNSTILES.us the perfect choice for security turnstiles. Leveraging Enable-IT Ethernet Extension and PoE extension products further enhances the deployment reach and options available to customers. When you're looking for the best in security access, loss control devices, and high tech security systems, look no further than TURNSTILES.us and Enable-IT.

**Leverage assets of "We the People" to maximize Value and Effectiveness**

Enable-IT GSA has delivered secure solutions to many US Government customers such as the all branches of the US Military, FEMA, Department of Housing, USGS, National park service, NASA, Department of Forestry, Federal utilities and US research stations - helping overcome many challenges.

Since 1989Turnstyles.us has been GSA licensed and proudly offers the best security turnstiles that help greatly increase the visible security of your business or organization.

Whether looking for the best in gate access control, EntraPASS Award-Winning Access Control Software, Optical Turnstiles, Revolving Doors, Tailgate Detection, or Turnstile Accessories, TURNSTILES.us has what you're looking for. From high tech security systems to a white noise machine for your office, TURNSTILES.us carries the security solutions you need, and then some. We also take great pride in offering the very best turnstile installation. Our engineers understand the need for properly installed and durable high tech security systems, and we guarantee our service will satisfy. When it comes to security turnstiles, make TURNSTILES.us your very first choice.
